*All the user-friendly
features you could ask for,
paired with Lyngdorf
Audio's digital amplification
technology and patented
RoomPerfect™ room
correction*

LYNGDORF

Its small design footprint allows it to be easily placed anywhere in the home

New world of streaming

Connect the TDAI-1120 to your WiFi and enjoy all the integrated streaming services.

- Chromecast built-in
- Spotify® Connect
- Roon Ready
- AirPlay2
- Bluetooth connectivity
- Internet Radio (vTuner)
- Network/local file playback

Center of your home entertainment

Connecting the TDAI-1120 to a television, will turn the TDAI-1120 into the best sound system possible for your movies.

With CEC and eARC lip-sync functionality, the TDAI-1120 can connect perfectly with tomorrow's televisions and receive the on-off and volume commands from your television remote.

Media player

The TDAI-1120 accepts all your media interfaces and holds itself an advanced media player of the highest quality. Through the network or via the USB connectors, you can access your library of music through the DLNA/ UPnP enabled player.

All can intuitively be controlled with your smart phone, tablet, or computer.

The ultimate experience

The TDAI-1120 ships complete with RoomPerfect™,

providing the ultimate
listening experience.

Without the need for extensive acoustic treatment, you get a sound system with optimal frequency response, seamless level alignment, and bass management that perfectly integrates the speakers and subwoofers.
