Blankets / pillows in fur-imitation

Cineak is offering an exclusive selection of high-quality fur-imitations. Those fur-imitations consist of high-quality acrylic or modacrylic fibers or mixtures and exhibit good light and color fastness. Modacryl is also fire retardant. The fur-imitations are knitted, using the newly developed fiber SK2. Its softness, stability light and color fastness as well as its wash resistance are outstanding. Different fur-imitations are available both as plaid (ca.140 x 200 cm) and pillow (ca. 50x50 cm). Please visit our website for complete range !
